Exterior and Interior Design

The 2002 Rendezvous showcased a conservative yet functional design. Its exterior featured Buick?s signature waterfall grille, rounded body contours, and relatively compact dimensions compared to larger SUVs, making it suitable for urban environments.

- Dimensions:
- Length: approximately 183 inches
- Width: around 73 inches
- Height: about 66 inches
- Wheelbase: 108 inches

The interior prioritized comfort and convenience. Seating for five was standard, with options for a third-row seat increasing capacity to seven, although the third row was often noted for limited legroom.

- Platform: GM Theta platform
- Suspension:
- Front: MacPherson strut
- Rear: Independent multi-link suspension

This setup provided a comfortable ride over rough roads, although some critics noted that the handling was more akin to a car than a traditional SUV.

Powertrain and Performance

- Engine specifications:
- Power output: 185 horsepower

- Four-speed automatic transmission (4T45-E)

This combination offered decent acceleration and highway cruising capabilities, although some drivers reported that the engine felt strained under full load or when climbing steep grades.

- Toyota RAV4
- Ford Escape
