Using Periods and Sentence Endings

- End declarative sentences with a period.
- Use periods after abbreviations (e.g., Dr., Inc.).

Mastering Comma Usage

Commas are perhaps the most frequently misused punctuation mark. The guide covers:

Semicolons and Colons

- Semicolons connect closely related independent clauses: It's late; we should head home.

Often considered the most versatile punctuation mark, the comma delineates parts of sentences, separates items in a list, and indicates pauses.

Common applications include:

- Separating items in a list: apples, oranges, bananas, and grapes.
- Setting off introductory elements: After the meeting, we went for lunch.
- Enclosing non-essential information: My brother, who lives in New York, is visiting.
- Before conjunctions in compound sentences: She wanted to go, but he preferred to stay.

Special considerations:

The guide advocates caution in comma placement to avoid comma splices?errors where two independent clauses are joined improperly without a coordinating conjunction or semicolon.

- The Semicolon (;)

The semicolon links closely related independent clauses and clarifies complex lists.

Uses include:

- Connecting related independent clauses: She loves painting; her brother prefers sculpting.
- Separating items in a list with internal commas: The conference included Albany, New York; Springfield, Illinois; and Denver, Colorado.

The guide underscores that semicolons should not be overused but serve as a useful tool for clarity.

- The Colon (:)

The colon introduces elaboration, lists, or explanations.

Typical scenarios:

- Introducing a list: Please bring the following items: a flashlight, a map, and a whistle.
- Clarifying or emphasizing a point: He has one goal: to win the championship.
- Introducing a quotation or explanation: She finally understood: patience is key.

Important tip:

The guide emphasizes that the clause before a colon should be an independent clause; otherwise, the colon is misused.

- Quotation Marks (" ")

Quotation marks encapsulate direct speech, quotations, or titles of short works.

Guidelines include:

- Enclosing exact words spoken or written: She said, "Hello."
- For titles of articles, poems, or short stories within text.
- Punctuation placement: commas and periods generally go inside quotation marks, while colons and semicolons go outside unless part of the quote.

- Apostrophes (')

Apostrophes indicate possession or contractions.

Common rules:

- Possession: Sarah's book or the dog's leash.
- Plural contractions (rare): Mind your p's and q's.
- Plural nouns do not require an apostrophe: The 1980s were fun.

Caution:

The guide advises careful use to avoid confusion, especially with its/it's and your/you're.
